Are you ok with Jeff and/or Billy going to this? Given the topics, I'm a little hesitant.

Dana- if possible, we would like to take you up on your offer of a colleague. Topics of interest are residues in drinking water, integration of epidemiologic study data into risk assessment, and perhaps intention to update the Framework document.

These are ideas only- areas where we have been having discussions.

Is this possible? Tomorrow and Thursday are open—he/she could join for a discussion and stay for lunch if that would work.

Many thanks.

Thank you Dana- I thought I sent you a response yesterday.

I am doing further checking with my CEO but have not yet heard from him.

Thank you

Hi Janet,

Unfortunately I am out of the office most of next week and therefore not available to attend. Alternatively, I could have one of my HED Deputy Directors attend. Please let me know if that is something you feel would be useful.

Thanks,

dana

Dana- we often invite EPA leaders to participate in meetings of our Strategic Oversight Council. We have not invited HED in the past and would like- to invite you to participate as you are availability. The meeting is scheduled for next week (June 22 and 23). Is this possible to fit into your schedule (at the CLA offices).

Many thanks.
